

The East Norriton Township Police Department has implemented yet another way for our citizens to communicate with our Agency. We feel that communication, cooperation and collaboration are key elements for our success in ensuring our Community remains a safe place to live, work and play.

With that in mind we have created an email address for anyone who would like to remain anonymous, but would like to provide information regarding a matter that has occurred within the township.

The email address is: ENPDTIPS@EASTNORRITONTWP.ORG

It is important to understand that this email address will not be monitored 24/7. It will be reviewed for submissions Monday through Friday from 8A-4P only.

As always, in an emergency situation you are urged to call 9-11, and for a non-emergency, but for timely response, you are urged to call non-emergency number 610-272-0747.

Thank you,

Karyl J. Kates, Chief of Police
